Dear Jimmy,

We received the card from S. Marino last week and Dad looked it up in the Atlas so we know where it is located. It must be a very beautiful place.

Friday we went to Longacres with Bensons and it was fun even tho I don't care to go again for some time. I did always get my two dollar back plus a few cents by just betting on show. After the races we had dinner in Renton. Diane didn't spend the week-end with us so Bensons came over Saturday night for bridge.

Mary just bought a three speed bike and is pretty excited about it. Now she and Diane will have fun riding together.

Sunday I watched the grand prize
car races which were held in
Detroit and then I worked in the
yard. I am going out again this
morning as soon as the sun comes
out as it is still cloudy and a
little cool.

We are going to stay with Wione
for awhile tonight as Mary and
Mike are going to a movie and then
Mary will take him to the airport
as he will be taking the red-eye
back to Wash. D.C.

The sun is getting thru the
clouds now so I will get busy
in the yard.

Love,
Mom
